

## Registration Information

[Register Online!](#)

*Please note: You must have an account on the AACE website in order to register online. Login credentials from the CPEN website will not work on the AACE website; you will have to create a new account in order to register online if you only have a CPEN login.*

**A PDF registration brochure will be available soon for those who need to print it.**

Because the hotel has made it affordable for the conference to provide, wireless internet access will be available this year in the meeting rooms and conference areas at no additional charge.

### Registration Policies

Cancellation, substitution and refund policies can be found on the [Registration Policies](#) page.
